GENERAL PROVISIONS

1. During the progress of the work such barricades, lights and other traffic control devices shall be erected and maintained as may be necessary or as may be directed for the protection of the traveling public. Said barricades, lights and other traffic control devices shall conform to the current issue of the manual on Uniform Traffic Control Devices for streets and Highways. Parked equipment and stored materials shall be as far away from the travel way as feasible. Items left overnight within 30 feet of travel way shall be marked and or protected.
2. In accepting this conditional use permit, the permittee, its successors and assigns, agrees to hold the City of Victor harmless from any and all liability on account of the erection, installation, construction, maintenance or operation of the facilities located under this permit.

3. No excavation shall be made or obstacle placed within the right of way of any roadway or walkway in such a manner as to interfere with travel over said right of highway or walkway.
4. Any disturbance of the traveled surface of the road and/or traffic control devices, or walkway, shall be restored to the satisfaction of the City Engineer.
5. If the work done under this conditional permit interferes in any way with the drainage of any roadway, the permittee shall at his own expense make such provision as the City Engineer may direct to take care of the drainage interference.
6. On completion of the work all rubbish and debris shall be immediately removed, and roadway, roadside, or walkway shall be left neat and presentable to the satisfaction of the City Engineer.
7. All work shall be done to conform with the current government and industrial standards under the supervision and to the satisfaction of the City Engineer and the entire expense of the supervision shall be borne by the permittee.
8. The City reserves the right to order the change of the location or the removal of any structure or facility authorized by this conditional permit, the change, relocation or removal to be made at the sole expense of the permittee or its successor and assigns, unless such structure or facility had been located as specifically approve by this permit.
9. The conditional permit is not an exclusive one and shall not prohibit the City from granting other permits of rights of like or other nature to the public or private utilities or persons, or shall it prevent the city from using any of its roads, streets or public places to affect its right to the full supervision and control over all or any part of them, none of which is hereby surrendered.
10. The City may revoke, amend, amplified or terminate this conditional permit if permittee fails to comply with any or all of its provisions, requirements or regulations or through willful or unreasonable neglect, fails to heed or comply with notices given, or if a utility, the utility granted is not installed or operated and maintained in conformity with this conditional permit
11. The permittee shall maintain at its sole expense the structure or subject for which this conditional permit is granted.
12. Adequate drawings or sketches shall be included showing the existing and /or proposed location of the facility with respects to the property on which it is located, adjacent properties and existing rights.
13. If trench or pavement settlement should occur within two years from the date of installation, repairs shall be made by the permittee as directed by the City Engineer at the permittees sole cost. If the permittee fails to make necessary repairs the City may make the repairs and bill the permittee. No new permits shall be issued to the permittee until such claims are settled.
14. No work shall be started until an authorized representative of the department has given notice to the permittee to proceed.
15. Any replacement of, addition to, or change in the facility granted by this conditional permit shall require a new conditional permit prior to such work.
16. A non-refundable deposit of \$ _____ is required.
